

**Memorandum of Understanding  
on Academic Exchange  
between  
College of Industrial Technology, Nihon University  
and  
College of Engineering, Chonnam National University**

In order to develop a program of the exchange of academic research and education between College of Industrial Technology, Nihon University, Japan and College of Engineering, Chonnam National University, Korea, two institutions have agreed to cooperate upon the following items based on the principle of reciprocity.

**1. Area of Cooperation**

The area of cooperation includes, subject to mutual consent, any program offered by either institution as felt desirable and feasible on either side to foster and develop the cooperative relationship on academic exchange between the two institutions.

**2. Activities and Budget**

Programs or activities and budget for them are as follows.

- 1) Exchange of faculty members , researchers and students
- 2) Joint research activities
- 3) Organization and implementation of and participation in symposiums, seminars and workshops
- 4) Exchange of academic materials and other information

Necessary budget for each program and activity shall be mutually discussed and agreed upon by both institutions.

**3. Effective Date and Duration of Memorandum**

This Memorandum shall remain in force for a period of 5 years from the date it has been signed by both Deans. Any amendment to articles of this Memorandum will require a written agreement. This Memorandum may be terminated upon 6 "months" prior written notice by either institution. If there is no written notification to terminate the agreement, the exchange agreements of the two universities will be automatically extended every five years.

In witness hereof, both institutions should keep each text of Memorandum written in English.
